Town of Wilton, NH
Zoning Board of Adjustment
42 Main Street
Wilton, NH 03086

To whom it may concern:

I am a licensed realtor with 11 years of experience in New Hampshire and have been a citizen of the state for 45 years. It is my educated opinion that a commercial gravel excavation of any length of time in Historic Wilton Center would be to the detriment of the neighborhood including the value of its homes. A significant component of the appeal of the neighborhood rests on its peaceful, rural setting and preserved historic character. Granting a variance to permit the proposed project jeopardizes the quality of life that underpins the property values of the abutter's homes and the area as a whole.

Thank you very much,

Kathleen Cleary, Realtor
