---

Good afternoon Mr. Faiman,

Greg Allen has a hearing before the Zoning Board of Adjustment on September 13 regarding building a residence on the lot adjacent to our building.

Since his purchase of the property, he has shown a great sense of responsibility and been diligent about cleaning and maintaining the property.

We would like to welcome Greg to the community and sincerely hope that the Zoning Board will render a positive confirmation to his requests and

enable him to pursue his dream of building a home here.

Kind Regards,

Susan Winslow
