Paws from Heaven LLC is a small business that is professional and will not be a deterrent to property values. Small family business when set up properly, as this one will be will add enrichment and life into the community. These animals will be dropped off and there will not be a constant in and out or disruption to traffic flow or daily life. This is not a shop or retail store and the training will take place within the confines of the home. I truly believe that this the fresh paint and upkeep to the property that the owners are planning on doing along with the business they plan on running will be a plus to the community and not a deterrent and property values will not be affected.
