**This letter is pertaining to Mellisa – Dog Trainer.**

Mellisa has been a resident in our community for a few years and we have never had a problem with her training dogs.

Never has her dogs been barkers, and the residents and children here enjoy watching her during training. Never has a dog ran up to anyone because they are under her control.

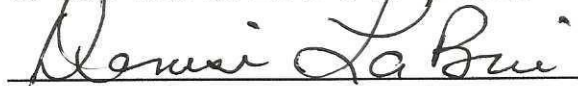

The concerns she has been facing with your residents is out of control. She is ALWAYS in control of whatever dog she is training.

Mellisa is a fantastic trainer and will always be in control of her dogs.

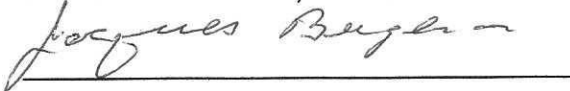

It's sad to see that people are already complaining and judging her.

Mellisa is the nicest person, and does not deserve what is happening to her.

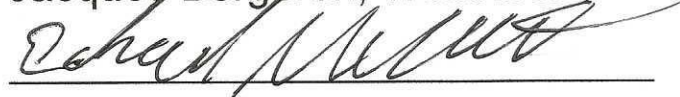

If anyone would like to contact me with questions, please feel free to call me at 203-947-6432.
