To: Norma Ditri <nditri@wiltonnh.org>;

Hello

Below is some text for Pratt. This could go under the text you provided me for a letter to him

Thanks!!

Michele

Our inspection showed two separate dwellings. We have three recommendations

1. Request a life safety inspection from the fire department.
2. Require residents only be allow small appliances in their rooms. These appliances must have an automatic shut off feature. No cooking appliances can be used in bed rooms.
3. Residents in the second dwelling should continue to be under a signed lease. The exact tenants may change but the total number should not exceed thr Fire Department recommendations.

3.
